## Projects

### Jlmush

Feb 2021 To Jan 2022

Team Size: 9

Doctor-Patient Consultation Applications Provide A Convenient And Accessible Platform For Patients To Connect With Healthcare Providers.

With Features Such As Virtual Appointments And Secure Messaging, Patients Can Receive Medical Advice And Treatment Without Leaving Their Homes.

These Apps Also Allow For Easy Management Of Prescription Refills, Appointment Scheduling, And Medical History Tracking.

The Use Of Doctor-Patient Consultation Applications Can Improve The Overall Patient Experience And Increase Efficiency In The Healthcare System.

### Cellixbio

March 2022 To Sep 2022

Team Size: 2

Cellix Bio Presents Information On Cutting-Edge Biotechnology Research And Development.

The Web Application Covers A Wide Range Of Topics, Including Cell Biology, Genetics, Biochemistry, And More.

Cellix Bio Is A Valuable Resource For Scientists, Researchers, And Students Who Are Interested In Staying Up-To-Date On The Latest Developments In The Field Of Biotechnology.

The Web Application Features Articles, Research Papers, And News Updates, All Written By Experts In The Field And Reviewed For Accuracy And Relevance.

### CamArtisians

Oct 2022 To Stillworking

Team Size: 6

CamArtisians Is A Web Application That Connects Freelance Camera Operators With Clients In Need Of Their Services. With CamArtisians, Clients Can Easily Find And Book Experienced Camera Operators For Their Projects.

The Application Streamlines The Process Of Hiring Camera Operators, Reducing The Time And Effort Required To Find The Right Person For The Job.

CamArtisians Offers A Secure Platform For Clients To Manage Payments And Communicate With Camera Operators, Ensuring A Smooth And Seamless Experience.
